

Ice Crystals – Part 3

Cornerstones

- Place Accent and Background pieces J and K $2\text{-}1/2''$ squares right sides together. On wrong side of Background draw a diagonal line corner to corner. Stitch $1/4''$ from drawn line on both sides.
- Cut on drawn line. Press toward Accent. You now have two half-square triangles.

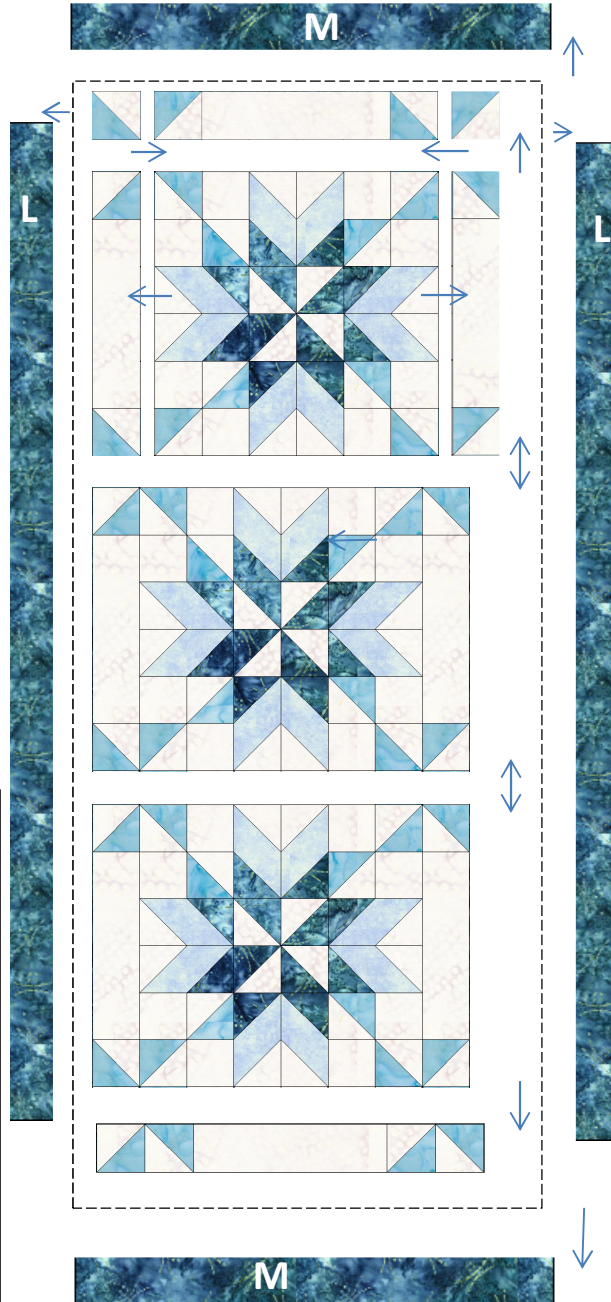

- Using your favorite square-up ruler, trim K/J units to $2''$ square. I personally love the Tucker Trimmer 1™ for trimming these units. Make 20.
- Add half square triangle unit to left and right of Sashing I $2'' \times 6\text{-}1/2''$. Make 8.

Ice Crystals – Part 3

- Combine units in rows per diagram.
- Combine rows.
- Add border L to left and right.
- Add border M to top and bottom.

Quilt measures 15" x 33".

Consider quilting with snowflakes to carry through the winter theme.
